Don't Let Your Children Wear Worn Shoes

a sign of Health

IN WINTRY WEATHER CHILDREN'S SCHOOL SHOES SHOULD BE WELL SOLED.

"This is the third pair of soles on these shoes," said one of our customers as she handed us her little boy's school shoes for resoling. Think of it—the service of three pairs of shoes for little more than the price of one. It proved two things, first that this school boy was a healthy youngster and second that his mother was thrifty.

Let us put "more mileage" and look into your children's school shoes at little cost.
